

The Texas Academy of Family Physicians *is proud to present:*

NPI Stress ECG Testing Workshop

July 15-16, 2009
Arlington Convention Center
Arlington, Texas

12 Hours of Accredited CME

Wednesday, July 15 — 7:30 a.m. - 5:15 p.m.
Thursday, July 16 — 7:30 a.m. - 12:30 p.m.
Separate \$850 registration fee required

As a part owner and the managing partner of the National Procedures Institute, TAFP is proud to bring the popular NPI Stress ECG Testing Workshop to the 60th Annual Session and Scientific Assembly. This CME medical conference covers the basics for cardiac exercise testing (ET), including indications, contraindications, limitations, alternatives, equipment and personnel needs. Whether you have been doing exercise testing for years or are now considering it for your practice, you will benefit from this CME medical conference. This program has been reviewed and is accepted for 12 prescribed credits by the AAFP and will be taught by TAFP member Grant Fowler, M.D.

Registration for Annual Session is not required for this workshop. Course registration fee includes course syllabus, breakfast, lunch and refreshments on July 15 and breakfast on July 16. TAFP's Annual Session cancellation policy applies to the NPI Workshop.

REGISTRATION INFORMATION

Complete each section of the form to indicate all events you would like to attend.

Name _____ Degree _____

Specialty _____

Address _____

City/State/ZIP _____

Phone/Fax _____

E-mail _____

Emergency contact name and phone _____

Special needs required.

Registration for the NPI Workshop will be located on the second floor of the Sheraton Arlington Hotel on Wednesday and Thursday beginning at 7 a.m.

LEARNING OBJECTIVES

By the end of this activity, the learner should be better able to:

- Understand the epidemiology and presentation of coronary artery disease (CAD)
- Review the alternatives for detecting CAD
- Discuss the various protocols for ET
- Define the cardiopulmonary and ECG changes with exercise
- Learn to set up, perform and interpret ETs
- Present the guidelines for training and the experience necessary for competence
- Review the components of exercise prescription
