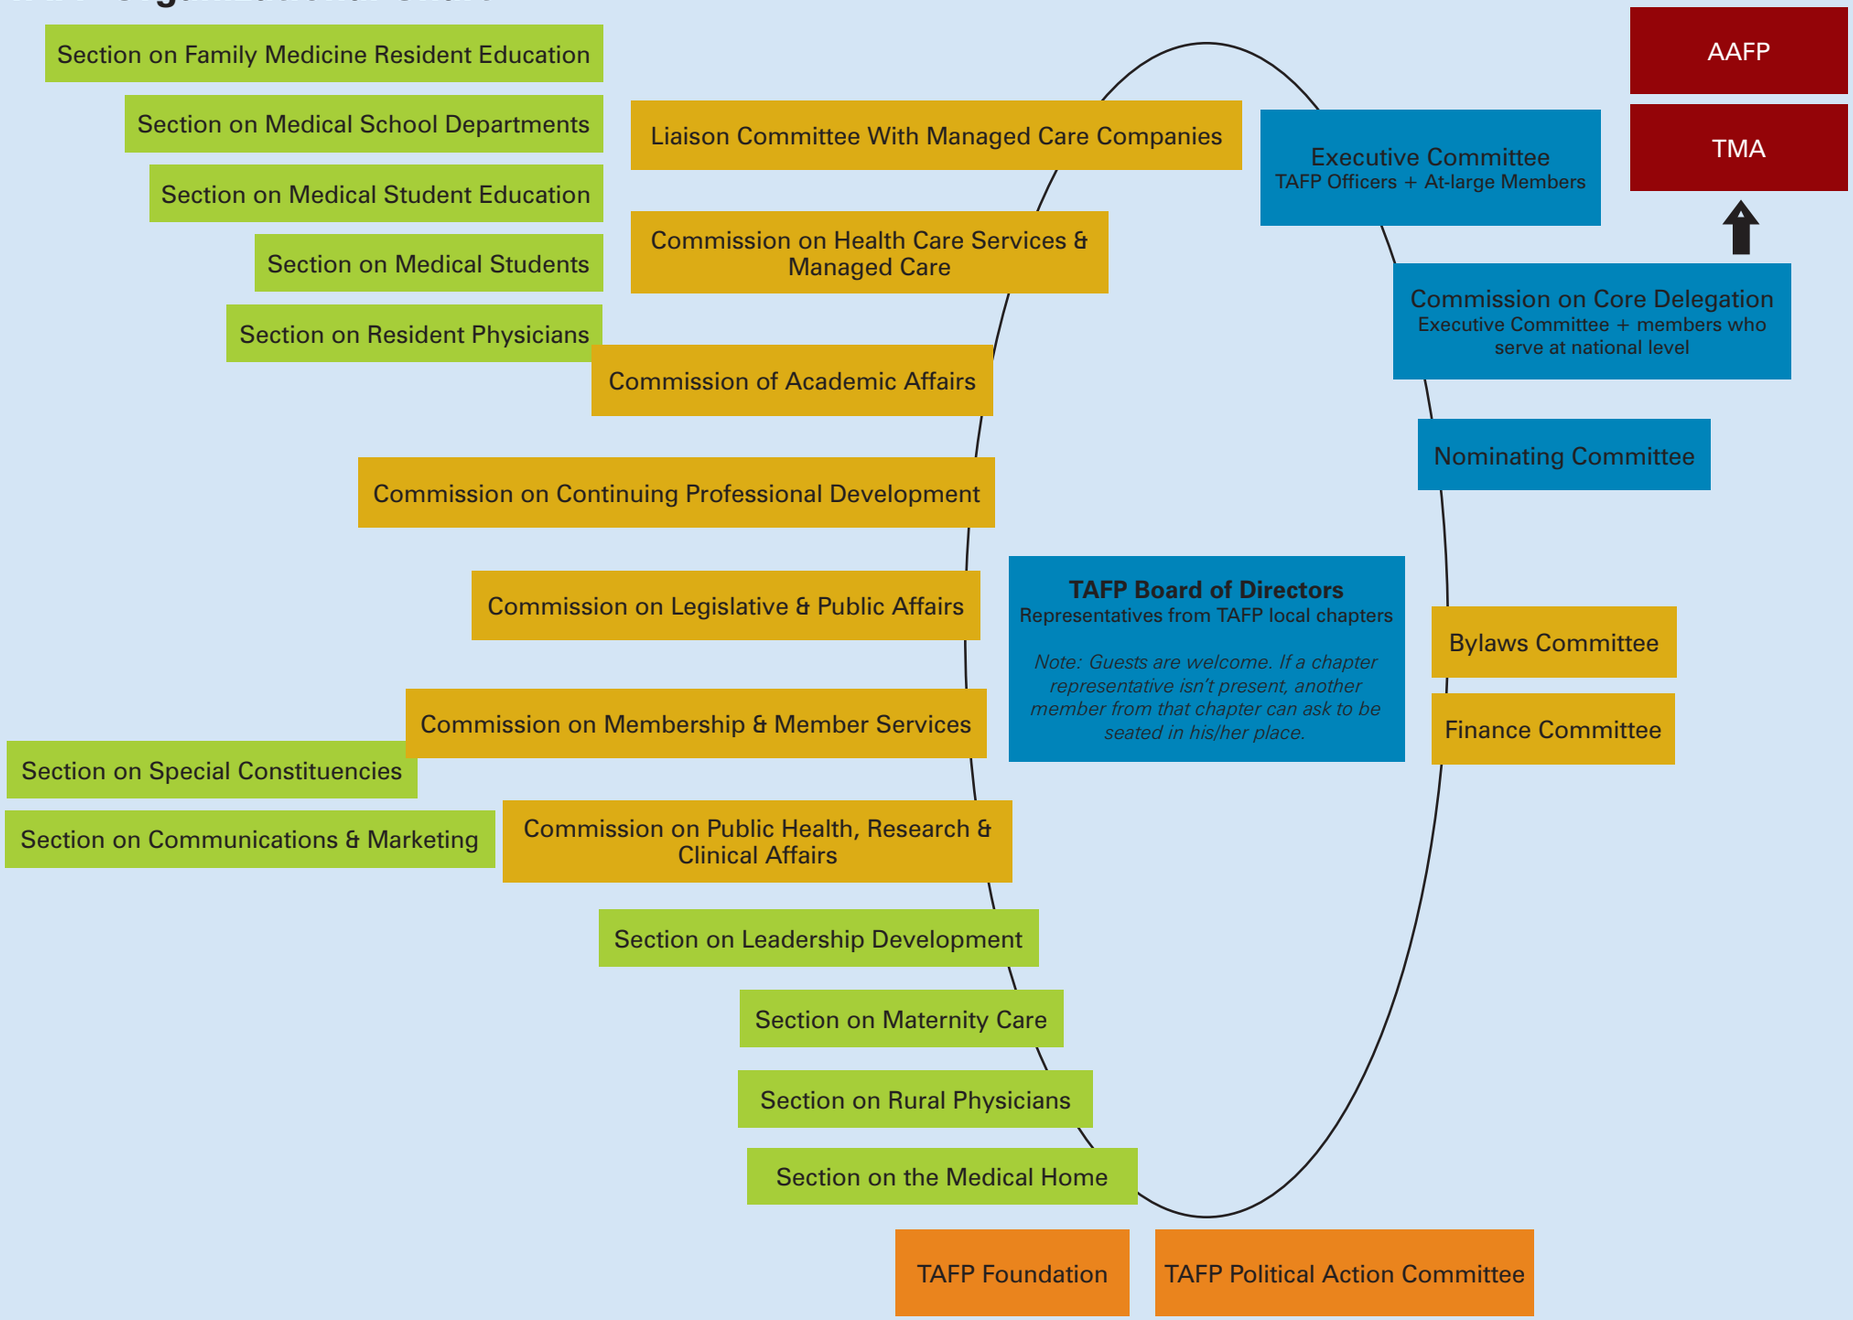
TAFP Organizational Chart



Key

- Open membership
- Members appointed by President-elect, open to guests
- Members elected/appointed
- Related TAFP organizations
- Other medical groups

Notes

TAFP committees, commissions, sections and the Board of Directors meet twice a year at Interim Session in March and Annual Session in July.

Committees, commission and sections range in size from five to over 30 members and develop policy to guide TAFP. The chairs of these groups make recommendations to the Board of Directors, which is composed of representatives from each TAFP local chapter.

All commissions and most committees are open to any member who wishes to attend as a guest. Voting positions are appointed by the TAFP President-elect based on responses from the annual Make Your Mark campaign, which is sent to all TAFP members each spring.
