

FAMILY MEDICINE NEEDS YOU TO JOIN THE FIGHT!

With our hard-fought liability reforms under attack, a rising threat to scope of practice by non-physicians, and managed care companies' unscrupulous practices making it harder to maintain a viable practice, Texas family physicians must fight back!

Join your colleagues in the fight for family medicine by pledging support to the Texas Academy of Family Physicians Political Action Committee, TAFPPAC. TAFPPAC advocates on behalf of family physicians, amplifying your voice on the issues you care about and supporting medicine-friendly candidates who make positive strides at the Capitol.

You can contribute two ways: become a monthly donor or give a one-time contribution. Monthly donors sign up for monthly credit card payments to TAFPPAC until they say "stop." This makes contributing easy and helps TAFPPAC budget effectively. Some members prefer to contribute to TAFPPAC once a year or more frequently by check or credit card. Either way, you're advocating for your patients and your practice, and we appreciate your generosity.
